Financial Assistance Policy – Plain Language Summary

Community Memorial Hospital provides emergency care and medically necessary health services without regard to a patient's ability to pay.

Eligible Services: Financial Assistance is available for eligible patients to help defray the cost of these services. Emergency Care means those services that are delivered in the Emergency Department. Medically Necessary Services are those services that are necessary to prevent, diagnose, or treat conditions that cause acute suffering, endanger life, or result in illness or infirmity. Financial Assistance is **not available** for Swing Bed Services. The primary service areas covered by our Financial Assistance Program are the counties of Chenango, Cortland, Madison, Oneida, Onondaga, Oswego and Otsego, in addition to all residents of New York State. Financial Assistance is also available to eligible patients to decrease the cost of deductibles, coinsurance, and co-payments, with the exception of services provided in the hospital based physician primary care offices.

Eligible Patients: Patients receiving eligible services, who submit a completed Financial Assistance Application, and who are determined eligible by the Community Memorial Hospital Financial Counseling Office.

Assistance ranges from a nominal fee to the Hospital's "**Amounts Generally Billed**" or "**AGB.**" **AGB** means the amounts generally billed to insured individuals and is calculated based on all claims allowed by Medicare and private health insurers over a 12 month period, divided by the associated gross charges for those claims.
